

البحوث المنشورة والمقبولة للنشر للفترة من 2018/1/1 ولغاية 2018/1/31

التاريخ	المجلة	اسم البحث	اسم التدريسي	ت
Scopus	International Journal of Pharmaceutical research	The possible protective effect of Carthamus tinctorius (leaves) on antituberculosis (rifampicin and isoniazid) drugs induced hepatotoxicity in rats.	أ.م.د. كريم هلال ثامر	1
scopus	International Journal of Pharmaceutical research	The possible protective effect of Carthamus tinctorius (leaves) on antituberculosis (rifampicin and isoniazid) drugs induced hepatotoxicity in rats.	أ.م.د. هناء سلمان	2
2018	Plant Archives	Histological study of direct somatic embrogenesis in date palm cultured in vitro	ا.م.د. ايمان محمد عبد الزهرة	3
2018	Plant Archives	Histological study of direct somatic embrogenesis in date palm cultured in vitro	أ.د. عبد المنعم حسين	4
2018	Biomedical research	Immuno detection and risk assessment of Aspergillus contamination in nuts using a highly specific monoclonal antibody	د. مروان ياسين	5
2018	Biomedical research	Immuno detection and risk assessment of Aspergillus contamination in nuts using a highly specific monoclonal antibody	م. الاء علاء الدين	6
2018	Asian Journal of Microbiology, biotechnology and environmental sciences	Screening of antibacterial activity from Aspergillus species treated with synthetic antifungal agents	د. مروان ياسين	7
2018	Asian Journal of Microbiology, biotechnology and environmental sciences	Screening of antibacterial activity from Aspergillus species treated with synthetic antifungal agents	أ.م.د. احمد عبد برغال	8

scopus	Asian Journal of Microbiology, biotechnology and environmental sciences	Screening of antibacterial activity from <i>Aspergillus</i> species treated with synthetic antifungal agents	د. عدنان الموسوي	9
Scopus	American journal of infectious diseases and microbiology	Optimizing a <i>Fusarium solani</i> biofilm formation protocol in vitro	د. مروان ياسين	10
Thomson Reuters	Biochemical systematics and Ecology	Isoquioline alkaloids from three Madagascan crinum (Amaryllidaceae) species	د. اريج حسن سليم الظاهر	11
Thomson Reuters	Biochemical Systematics and Ecology Volume 77, April 2018, Pages 7-9	Isoquinoline alkaloids from three Madagascan <i>Crinum</i> (Amaryllidaceae) species	م.د. اريج حسن سليم	12
Scopus	Biochemical and cellular archieves	anatomical study of some species of Caryophllaceae in Iraq	أ.د. سحر الساعدي	13
scopus	Gastroenterol hepatol Bed Benc	Liver histopathological alteration after repeated repeated intra-tracheal instillation of titanium dioxid in male rats	أ.د. ضمياء قاسم سكر	14
scopus	Journal of genetic engineering and biotechnology	Influence of cold pretreatment on shoot regeneration from callus in Date palm (<i>phoenix dactylifera L</i>) CV. Barhee	أ.م.د. عبد المنعم	15
