

Undergraduate Studies دراسات اولية			
Course code.	Course name	اسم المقرر	رمز المقرر
R 101	Calculus	حسبان التفاضل والتكامل	ر!01
R 213	Linear Programming	البرمجة الخطية	ر213
Postgraduate Studies دراسات عليا			
Course name		الموضوع	

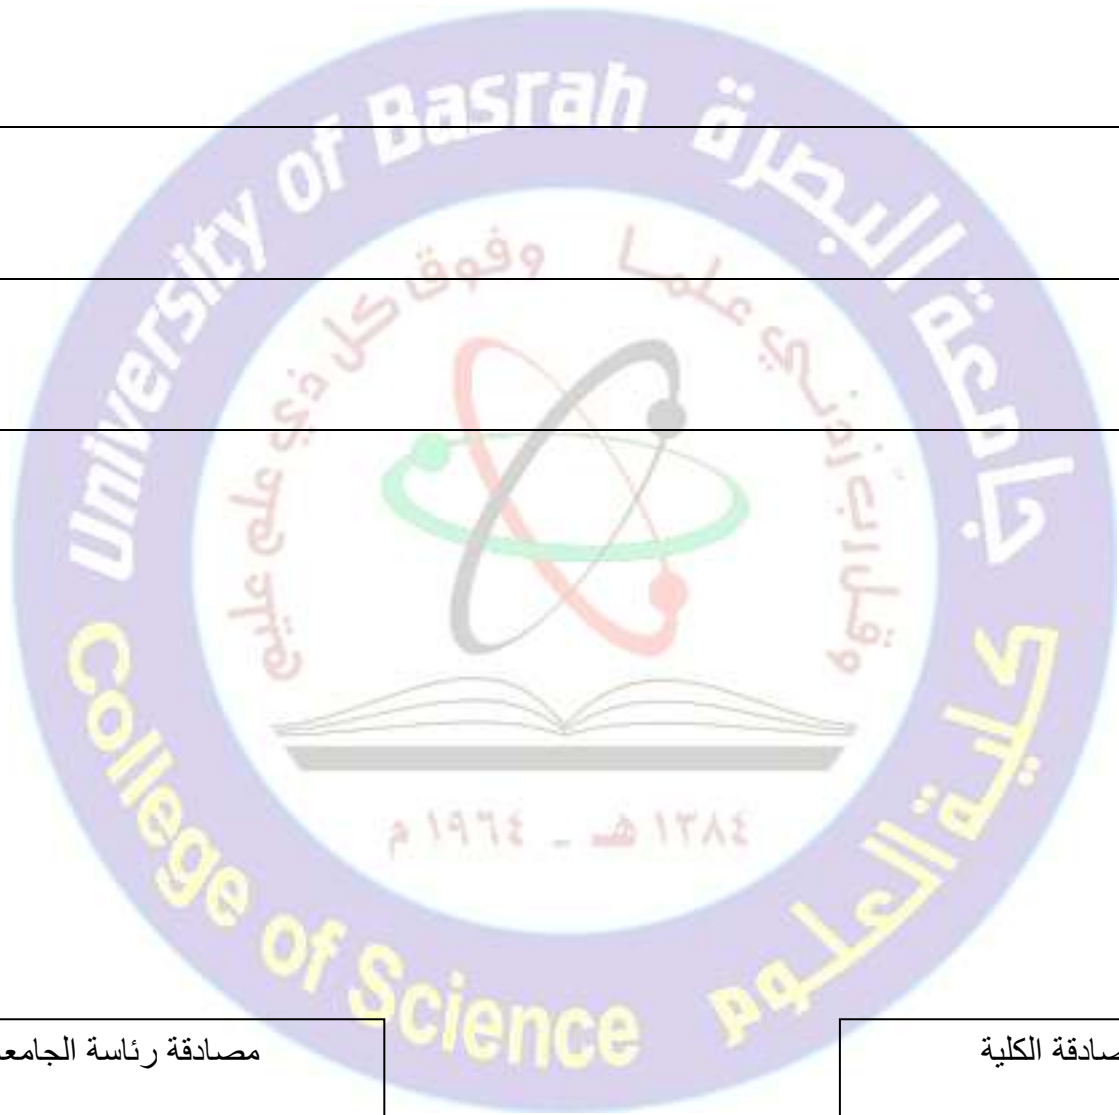

## الكتب المؤلفة Book publication

Book Title	Year	country	البلد	سنة النشر	اسم الكتاب

## Articles / Patents

## البحوث المنشورة وبراءة الاختراع

No.	Article & Patents details
1	F. Al-Maliky, M. Hifi and H. Mhalla. Sensitivity analysis of the setup knapsack problem to perturbation of arbitrary profits or weights. International Transactions in Operational Research, Volume 25, Issue 2 2018
2	F. Al-Maliky, M. Hifi and H. Mhalla. An exact solution search for the max-min multiple knapsack problem. In proceedings of IEEE, International Conference in Control, Decision and Information Technologies (CoDIT14), pp. 117-122, 2014.
3	F. Al-Maliky, M. Hifi and H. Mhalla. Sensitivity analysis of the generalized knapsack sharing problem: Perturbation of an arbitrary profit. MOSIM 2014, 10`eme Conf`erence Francophone de Mod`elisation, Optimisation et Simulation, 2014.
4	F. Al-Maliky, M. Hifi and H. Mhalla. Sensitivity Analysis of the Generalized Knapsack Sharing Problem. 4th International Conference on Control Engineering and Information Technology (CEIT-2016), accepted, 2016.
